

Medial Healer Training 7

Removal of sexual secretions

This Medial Healer training contains the transmission freedom of the sexual DNA threads. Such a deep level!

The content of the training:

1. Activation of the gold-blue frequency
2. Removal of the foreign DNA message by sexual secretions
3. Clearing energy blockages and consequences after severing the spermatic ducts and ovaries in the body.

These frequencies of gold-blue are very calming and vibrant. They create vastness. It just opens, creating such vast energy. They are a protective frequency for the organs. This gold-blue level is great protection.

And this is, of course, also a state of consciousness, a high level of consciousness, a field of consciousness, with these golden-blue structures. And then this transmission via the nerves can occur again more quickly.

During sex, telomeres are left in the partner's body by bodily fluids and change their DNA structure; they continue to affect the partner's DNA. The foreign DNA frequencies of the telomeres are transferred into the body through the blood. The strongest power of the telomeres is in bodily fluids. This connection lasts for 12 years.

It is a huge liberation being free from the message of the foreign DNA from the telomeres. With the technique, all messages are removed of all foreign DNAs, i.e., of all "sexual fluids" that entered the body until the day of the implementation of this technique.

Medial Healer Trainging 7

Removal of sexual secretions

This is the portal to release all of these structures on the DNA, these structures of the connection. These DNA telomere caps and all the emotions associated with them are distributed through the blood. The removal creates a release that continues. With or without the Light Body Activation, there is never again a renewed DNA transmission of sexual secretions.

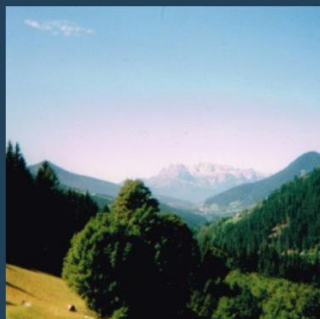

You can find the current seminar dates at www.annrai.at/en/termine/. Seminars take place in Austria, Switzerland, Germany, and possibly in other places on this beautiful planet, if desired, in your country.

Accommodation and food: Prices vary depending on the location
