

Medial Healer Training 8

Crystalline Body Training, according to Natara

”Restoration & reactivation of the crystalline structure”

This Medial Healer Training is unique!

At the beginning of the coaching, you will dive into the gold-blue elemental frequency and have a deep experience. Through this, you can experience the depth of humanity, and the higher vibration of your body begins. The cells’ vitality is restored and filled with oxygen.

This has the effect of releasing misdirected messenger substances and unhelpful cellular memories that repeatedly cause difficulties in life and undesirably promote the aging process.

This gold-blue elemental frequency also permeates and extends to all levels of communication - a frequency expansion for both cellular communication and interpersonal relationships awaits you.

In the second part of your training, the activation of your crystalline structure takes place - this happens in 57 organs of your body. The original frequency is restored in the organs.

The body is transformed to its optimal health by using the original codes in the DNA. Consequently, the organism detoxifies itself, and purity is restored. Lightness sets in through the crystalline body structure, the immune system strengthens itself, and the emotional level cleanses itself positively.

In addition, clarity of thought is refined, and a deeper, more comprehensive body awareness is experienced. This crystalline structure carries with it a high vibration, which erases and removes all toxins. The connection to the animal and plant world - as well as to the outside world, intensifies. The activation of the crystal structure can be transmitted already during the development of a baby in the mother's belly so that it is born with the best health.
