

# Activation of the Light Body

## Chakras 2305 – 4608, according to Natara®

During the Light Body Activation, the chakras 2305 - 4608 are activated, and a very strong connection with the cosmos and the earth is formed - all this happens in the human body. Limitedness is more and more experienced. Consciousness and true freedom continually expand.

Every single chakra is activated with the power it's chakra group. It is about accepting this level of "everything goes easy and with zest" and being worthy of experiencing this power in a healthy life.

By releasing programming, experiences, and possession that are stored in the mucous membranes on deep layers of the entire body, you receive a new skin, new power, and a new perspective on life. By releasing programming, experiences, and possession stored in deep layers of the mucous membranes in the entire body, you receive a new skin, a new power, and a new perspective on life. This brings visibility on many levels.

Now groups consisting of 768 chakras are activated. Here, too, the manifestation power doubles to 4,608,000 times, and the emotional body and mental body now expand by twice as much. Everything happens immediately. There is no more integration time. The children up to the age of 18 are integrated again and automatically participate.

It is beneficial to be in the energy during the process. This way, it can be transformed much easier. Therefore, we will spend the weekend together as a group (if desired, one-on-one appointments are also available). The chakras 2305 – 4608 will be cleansed and verticalized on the weekend, and the DNA strands will be reconnected.
