

Activation of the 5th light body, Chakras 73 – 144, according to Natara®

Independence and total freedom

The 5th part of the light body activation is about freedom. We humans have had a multidimensional "disc" in the back of our heads since the beginning, which was inserted by metal beings from another universe (metal planets).

On this disc, many things were programmed, and everything can be installed, such as illness, suffering, lack, and experiences that never took place but which, through the programming, feel as real as if we really experienced them. The programs hinder us from being free and going our soul path.

With the everlasting blueprint, nothing new can be programmed on our disks. We are protected against that. However, the preexisting program is still on the disk.

The 5th part of the light body process erases the disc and cuts the connection to the metal beings. This means total freedom.

Activation of the 5th light body, Chakras 73 – 144, according to Natara®

Independence and total freedom

General effects:

- When the disc stops, then you can finally know yourself. The metal beings no longer have access, allowing you to develop, and the cells no longer hold the memory of pain. Now you can accept responsibility for your life and always feel fulfilled. Then the new consciousness of completeness and inner peace with yourself arises. This is the beginning of freedom and co-existence with the cells.
- This is the path to freedom, where you can break free of the shackles. Through the programs on the disc, humans go along without questioning, thinking, or taking a moment to be silent.
- Increasingly, you experience the frequency of self-empowerment, to live and experience this, for this is the welcome to be on this planet. Self-recognition becomes stronger and more vital to accept love and responsibility more quickly, so that life can always reflect the soul's answer.
- Responsibility = Life can mirror the soul's response.
- Every time, it is a new decision to stay here on this planet. To get out of the confinement and decide to live, no more suffering. The light body process is getting out of captivity and returning back to life.
