

Activation of the light body Chakras 577 – 1152, according to Natara®

The abundance frequency on all levels

With the light body activation from the 577th - 1152nd chakra, the frequency of abundance can be experienced on all levels. This refers not only to financial abundance but to the realization that we can open ourselves to the flow, the vastness, and the expansion of abundance in our lives, which then becomes a reality.

Manifestations of oppression, guilt, lack, and fear are once again released on the physical plane. Silence and inner peace increasingly become a reality in your life and mind.

These chakras are activated in a 144 rhythm. Your manifestation power is doubled once again, and your light pillar, through which you are connected with the earth and the cosmos, becomes more powerful and expands. Negative frequencies penetrate less into your body through a renewed expansion of the emotional and mental body, which is a great protection. The effects of this light body activation can last up to six months. Children up to 18 are again integrated and automatically take part in it.

The abundance frequency on all levels

It is beneficial to be in the energy during the process. This way, it can be transformed much easier. Therefore, we will spend the weekend together as a group (if desired, one-on-one appointments are also available). The chakras 577 – 1152 will be cleansed and verticalized on the weekend, and the DNA strands will be reconnected.
