

Activation of the Light Body

Chakras 1153 – 2304, according to Natara®

The divine acceptance characterizes the Light Body Activation from the 1153rd - 2304th chakra to accept oneself again as a human being with a healthy and liberated body. Three levels of acceptance gradually let you consciously experience your divine soul, accept the human experience in the body, and to live joyfully.

Many old contracts that were stuck in the chakra groups are released, and the body reexperiences a long and vibrant life. Acceptance is felt from within, without outside influence or heredity conditioning. Fear of one's divine power is released, dissolving tension and confusion. Self-empowerment and a new body feeling arise more and more.

Your manifestation power is once again doubled, and your light pillar, through which you are connected to the earth and the cosmos, becomes more powerful and expands. The chakras are activated in a 384 rhythm. Through a renewed expansion of the emotional body and mental body, you experience more and more protection and lightness. Everything happens immediately. There is no more integration time. Children up to the age of 18 are also reintegrated and automatically participate.

Activation of the Light Body Chakras 1153 – 2304, according to Natara®

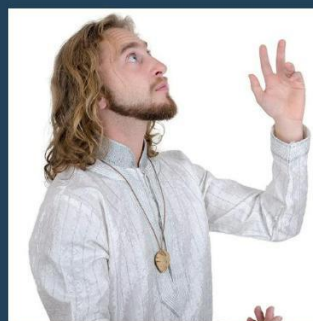

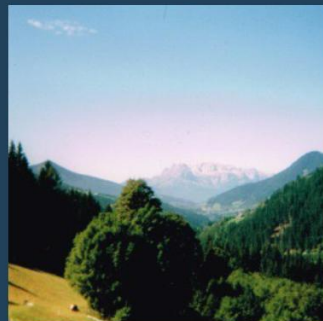

It is beneficial to be in the energy during the process. This way, it can be transformed much easier. Therefore, we will spend the weekend together as a group (if desired, one-on-one appointments are also available). The chakras 1153 – 2304 will be cleansed and verticalized on the weekend, and the DNA strands will be reconnected.
