**Free yourself from negative patterns
and begin to live a life of vitality**

This project is still very new, and its profound impact on humanity has just been documented and summarized.

On this project day, the participants experience an absolute liberation from deep-seated programming codes that have been anchored on the DNA of the 13 blood families.

These codes sitting on the DNA are activated as soon as one consumes mainstream media, listens to music or even goes shopping. Because all TV programs, magazines, company logos of large corporations, and much more send out frequencies that activate specific programs on the human DNA.

These programs can be: fear, anger, rage, insecurity, addiction, restlessness, pettiness, arrogance, lack, self-destruction, doubt, and many more.

Therefore, people need more vitality in their everyday life. And only a limited potential for self-determination and self-love is available to humanity.

Through various contracts with the 13 blood families, politicians and celebrities are also carriers of these frequencies, which activate these programs in humankind. Which program is activated in humanity depends on individual contracts. Contracts that were made with different lodges.

On the day "The lightness of vitality", these codes are deleted from the DNA, and the connection to the individual lodges is cut.

Forever!

The codes are deactivated forever, and vitality returns back to the DNA, brain activity, and thus into life. The own unspeakably deep manifest of life begins to vibrate again. Compelling changes are also visible in pets here.

Project contribution for the day, "The lightness of vitality," and the liberation of the seals of the 13 blood families from the DNA are 1,800 euros and are done via Skype during these challenging times. The so-called "gaze", where the reprogramming of the lodges is stopped, is 111 euros and can also be activated via a picture.

Would you like to be a vitality consultant for "The ease of vitality" yourself and free people from the power structure of blood families and accompany them into a free life?

We offer meetings via Skype and would be very happy for many people to share this unique opportunity.

This project is also accompanied by documentation of the effects of liberation on people, animals, and plants.
