

Removal of the disc

What is the disc? The disc sits in the brain of every human being as they incarnate. Everything in our body and energy field can be programmed through it, such as diseases, pain, death, family secrets, lack & negative frequencies. This immensely restricts life and makes it difficult to go the soul path. In addition, all parallel lives are active on other time planes through the disc.

By removing the disc, all parallel lives are deleted. The parallel lives only distracted you from your present life, from the here and now, and cost you a lot of strength and energy, which you will then have available again for yourself and your life.

With all your activities, your brain will be restructured and activated. You can now program your mirror neurons with everything you want for yourself, like immortality, health, and abundance...

With the freedom of the disc, you can accept gifts much more. Many things become more manageable, and there is less struggle.

- A very clear path can be lived now because there is no other path.
- People are more active and vibrant in life.
- All manifestations are experienced easier.

Removal of the disc

Due to the dematerialization of the disc, all timelines of the parallel worlds are closed. Life never existed, and everything is rearranged from the very beginning. In the timeline and life, everything changes. All the power is in the present.

Thus, for example, lack and diseases from the parallel lives are closed off, and the field of the disc no longer nourishes them. This also affects other humans, animals, and plants since you no longer exist in their timelines. This means that their lives are also developing quite differently now. The ancestral images fade in the ancestral gallery, or the image changes. (Parallel worlds are timelines we brought along that also exist in the past. However, this has nothing to do with incarnation).

Family secrets have always been kept alive with the disc, manifested in blood. The family secrets have no place now that the disc is gone, and they all left, causing a liberation from them to take place. Once the family secret has been uncovered, the issue behind it is no longer as relevant. However, its cellular memory of it could have physical effects.

All cells are formed anew in the original human DNA frequency without discs. The cells are re-duplicated and can do it only now again because no longer the cell memory is accessible. The cleared space of the disc is filled with the original human DNA.
